

# Site-Level Findings Worksheet

## What are these data telling you?

What stands out?

What are some new insights that you gathered?

## What are the implications for sustainability?

What do you want to build on?

What's needed to keep these changes in place?

What's needed to continue to make progress on long-term changes (e.g., implementing policies, activating park infrastructure improvements)?

What are the implications for partner, resident, and youth involvement and collaboration?

# Cross-Site Findings Worksheet

**What are these data telling you? What stands out?**

**What are the implications for sustainability? What might you do differently moving forward?**

**What are the implications for the coalition's role in the initiative? What might you do differently moving forward?**
