Game On supports America’s schools in creating healthier school environments for students, staff and the communities they serve. This no-cost online guide provides all the information and resources you need to host a successful school wellness program in your school with the ultimate goal of getting your school nationally recognized as a health-promoting school through the United States Department of Agriculture, Food and Nutrition Service HealthierUS Schools Challenge (HUSSC) recognition program.

**Game On: 6 Steps to Building a Healthy School**

1. **Gather Your Team**
   A school wellness team identifies health concerns, leads projects, raises funds, promotes and celebrates successful health initiatives, and helps others replicate their efforts. Anyone, from school staff to parents to community members, can serve on a team.

2. **Assess & Track Progress**
   Assess the health of your school environment using the [School Health Index](#). Identify strengths and areas of weakness, then use Game On activities to make improvements.

3. **Create and Implement an Action Plan**
   A clear action plan will serve as a road map for the wellness team and outline priorities and goals that can be accomplished one step and one year at a time.

4. **Find Activities**
   Use our [school blueprint](#) to identify activities that line up with your school’s needs and find resources to help you implement those activities.

5. **Engage Families and Communities**
   These partnerships can improve student learning by promoting consistent messages about healthy behaviors and provide access to additional resources and volunteers.

6. **Receive Recognition**
   You’ve done all the hard work. Now show school staff, parents, students and the community that your school is one of the healthiest in the nation! Apply for recognition through the HealthierUS School Challenge award program.
Log into Game On to select a room on the school blueprint to find nutrition and physical activity challenges for every aspect of your school building. Whether you are part of the school staff, a parent or community member, you can make a difference!

**Eat Better Activities**
- Alternative Breakfast Programs
- Farm to School
- Health & Wellness Fair
- Healthy & Active Non-food Rewards
- Healthy & Active Parties
- Healthy Fundraising
- Healthy School Store
- Healthy Staff Meetings
- Host a Taste Test
