The HEAL Fall 2014 Learning Community will bring together City government, clinics, churches, public health advocates and community-based organizations to discuss impactful Healthy Eating Active Living partnerships with local schools and school districts. Participants will include diverse stakeholders from the Southern California Kaiser Permanente HEAL Zone Initiative and the recently launched Thriving Schools Partnership.

OBJECTIVES:
1. HEAL partners will understand the importance of working with schools as central hubs for community action around healthy eating and active living.
2. HEAL partners will be prepared to leverage school-based strategies to advance HEAL changes in community settings.
3. School sector partners will be prepared to develop HEAL campus stakeholder engagement strategies.

**12:45 – 2:00 Breakout Sessions**

**San Marino**

**Smart Snacks and Smarter Lunchrooms: Policies and Principles for Healthier Food**
School administrators and staff are implementing the new Smart Snacks in School guidelines and Smarter Lunchroom principles to improve access and consumption of healthy food choices. How can you contribute to the implementation and monitoring of these policies and principles? We will provide suggestions for how schools, organizations, and residents might take advantage of these opportunities to help students, community members, and families eat healthy.

**Presenter:** Arpiné Shakhbandaryan, *Community Partners*

**Leishman**

**School Strategies: Working Together to Fill in the Gap**
This session will offer practical tools for using existing data to identify the challenges that schools face related to healthy eating and active living and explore opportunities for taking advantage of the school setting to partner with outside organizations. A small group exercise will allow you to practice using data to spot gaps and fuel partnerships.

**Presenter:** Ama Atiedu, *Center for Community Health and Evaluation*
