Using the Talking or Por Vida Stone

Por Vida means being for love, life & respect. The talking stone is used to facilitate meaningful conversations encouraging honesty, deep listening & full sharing.

• The holder of the talking stone has the “word” and commits to speak truthfully, from the heart, and in a way that respects self and others.

• All participating in the talking circle are responsible to actively listen to the words being shared.
La Pierda de Díálogo

“Por Vida” es ser por amor, vida y respeto. La Pierda del Díaogo o “Por Vida” se utiliza para facilitar conversaciones significantes fomentando la honestidad, el escuchar profundamente, y compartir plenamente.

• La persona que tenga la pierda tiene la "palabra“ y se compromete a hablar con honestidad, del corazón, y de una forma respetuosa a sí mismo y a los demás.

• Todos participando en el círculo tienen la responsabilidad de escuchar atentamente a las palabras compartidas por todos.
